

Checklist 1 – Visual Storytelling and Shot list

- Do I have everything I want to say in an interview?
- Do I introduce people in their setting beyond the interview? (e.g. walking to their work place, being in the field, at home, etc.)
- Did I interview affected people not only experts?
- Did I film some interviews in places that have a link to my subject?
- Is this link visible through additional video material?
- Did I film how research results manifest? Do I show them in the field?
- On my shot list: Do I plan for more than one angle and frame size?
- Did I send in my story grid?

Answer to these questions: Yes = Great / No = Try to get it
